

Gift Policy

The purpose of this policy is to clarify appropriate ways that the Board of Directors can honor other board members for exemplary service to Mid America Dharma, and recognize losses of their immediate family.

No Mid America Dharma funds will be used for cash gifts to board members. If board members wish to give a cash gift to another member, this should be from their personal funds, similar to giving *dana* to a teacher.

A board member's service can be honored with the approval of the board as a whole by awarding them free or reduced rate attendance at one MAD residential retreat of the exiting board member's choosing.

MAD funds may be used to purchase floral arrangements or for a donation to a charitable organization in the name of Mid America Dharma upon the death of a director's relative or domestic partner, with prior approval of the whole board of directors.
